Mr. Merrill S. Hohman, Director
Waste Management Division
United States Environmental Protection Agency
Region I
J.F. Kennedy Federal Building
Boston, Massachusetts 02203-2211

Dear Mr. Merrill:

We at Philbrick's feel we are responsible business people who would honor any responsibility we may have. We do feel, however, we have been improperly indentified as a PRP in regards to the Coakley Land Fill.

Along with your letter of 3-29-91, you sent along evidence of our liability at the site. We do not believe this could be our company because all hazardous compound was picked up by Safety Klean. Please see copy A enclosed.

Also, on 3-29-91, we received the Final Report. We ask that you refer to B-1, page 9, regarding Philbrick and the attached copies from R.M. Philbrick Trucking billed to us. R.M. Philbrick's Trucking is a commercial hauler who we pay each month to pick up our trash. He picks up once a week except in spring and summer when we have an excessive amount of cardboard from the summer products that we sell.

Please refer to section B-2 pages 36 and 38 in regards to waste dumped in North Hampton. We do not have, nor have we ever had a vehicle that would carry any of the weights specified.

We request that you and your committee review our previous correspondence, copies attached, and review back up information enclosed with this letter.

We think we have been mistakenly included with R.M. Philbrick Trucking. In this particular area there are many Philbricks and many in business.

With respect for the EPA we once again ask that our name be deleted from the list of PRP'S.

We would appreciate a review as soon as possible since time is of the essence and this is of great concern to us. Thank you for your consideration.

Sincerely,

Mary A. Philbrick
Treasurer

Mr. William H. Zelifff, Jr.
McIntyre Federal Bldg.
80 Daniel Street
Portsmouth, NH 03801

Att: Pam Murphy

Dear Ms. Murphy,

George Philbrick and about ten others met with Bill Zelifff on Thursday, April 23rd to address their concerns regarding the EPA and Coakley Landfill.

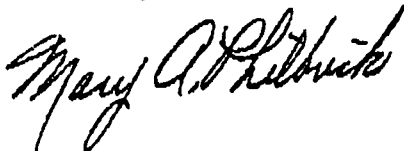

Mr. Zelifff requested that each person mail back up information so he could clearly understand the problem.

I have condensed the material. I'm sending along the most important information for your review. Actually, the packet dated May 21, 1991 explains all and has all receipts attached.

We appreciate Mr. Zelifff's efforts on our behalf and your time in reviewing it as well.

Thank you.

Sincerely,

Mary A. Philbrick
